

HÄFELE

THE PERFECT WARDROBE HAS YOUR STYLE.

Häfele DressCode cabinet organizer system.

UNDERSTANDING STORAGE SPACE MEANS UNDERSTANDING PEOPLE.

Everyone organises differently. Wardrobes must be able to adjust.

One person collects shoes, others arrange t-shirts by colour, or stock their wardrobe by seasons. Everyone is different, but one thing is always important: good overview, clear order – find what you are looking for right away. A quick reach, without rummaging around. This is exactly the reason we developed Häfele DressCode. Because we have been dealing

with how to optimise wardrobe solutions for many decades. And how to solve different needs all at the same time: maximum versatility, consistently clear design language, functional ideas that make life easier – and all of that as simple and convenient as possible. As a result, anyone can create their own personal wardrobe system quickly and intuitively.

HÄFELE DRESSCODE.
A UNIFORM SYSTEM TO PERFECTLY
EQUIP YOUR WARDROBE.

MAKES A PERFECT IMPRESSION IN
ANY WARDROBE – INCLUDING
FREE-STANDING FRAME SYSTEMS.

OPTIMISED EQUIPMENT.

A perfect wardrobe is as individual as you are. Perfect form – perfect function. Consistent design, but customisable in the panels. With handles, light and elegant sliding doors, the wardrobe becomes a design experience.

WHAT IS THE HÄFELE DRESSCODE CABINET ORGANIZER SYSTEM?

1 SYSTEM

A modular system with easy-to-combine elements that can be adapted to the individual needs of the users. Construction and assembly is also fast, intuitive, and possible without tools. Everything fits together perfectly – and the newly developed connector system provides for a solid wardrobe interior with just a few quick steps. Häfele DressCode: Simplicity is the combination of many clever ideas.

2 BASIC COLOURS

WHITE, RAL 9016

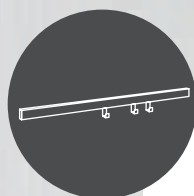

UMBER GREY, RAL 7022

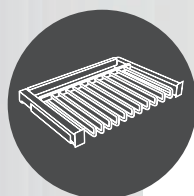

CLEVERLY MADE.

All elements in the wardrobe in a uniform design.

THE WARDROBE RAIL.

The wardrobe rail as an intelligent rail system. Integrated rubber strip for noise reduction, integrated illumination with indirect light, sliding hooks for handbags and accessories.

THE PULL-OUT TROUSER RAIL.

Practical, space-saving and with convincing design. It is virtually indispensable in any wardrobe.

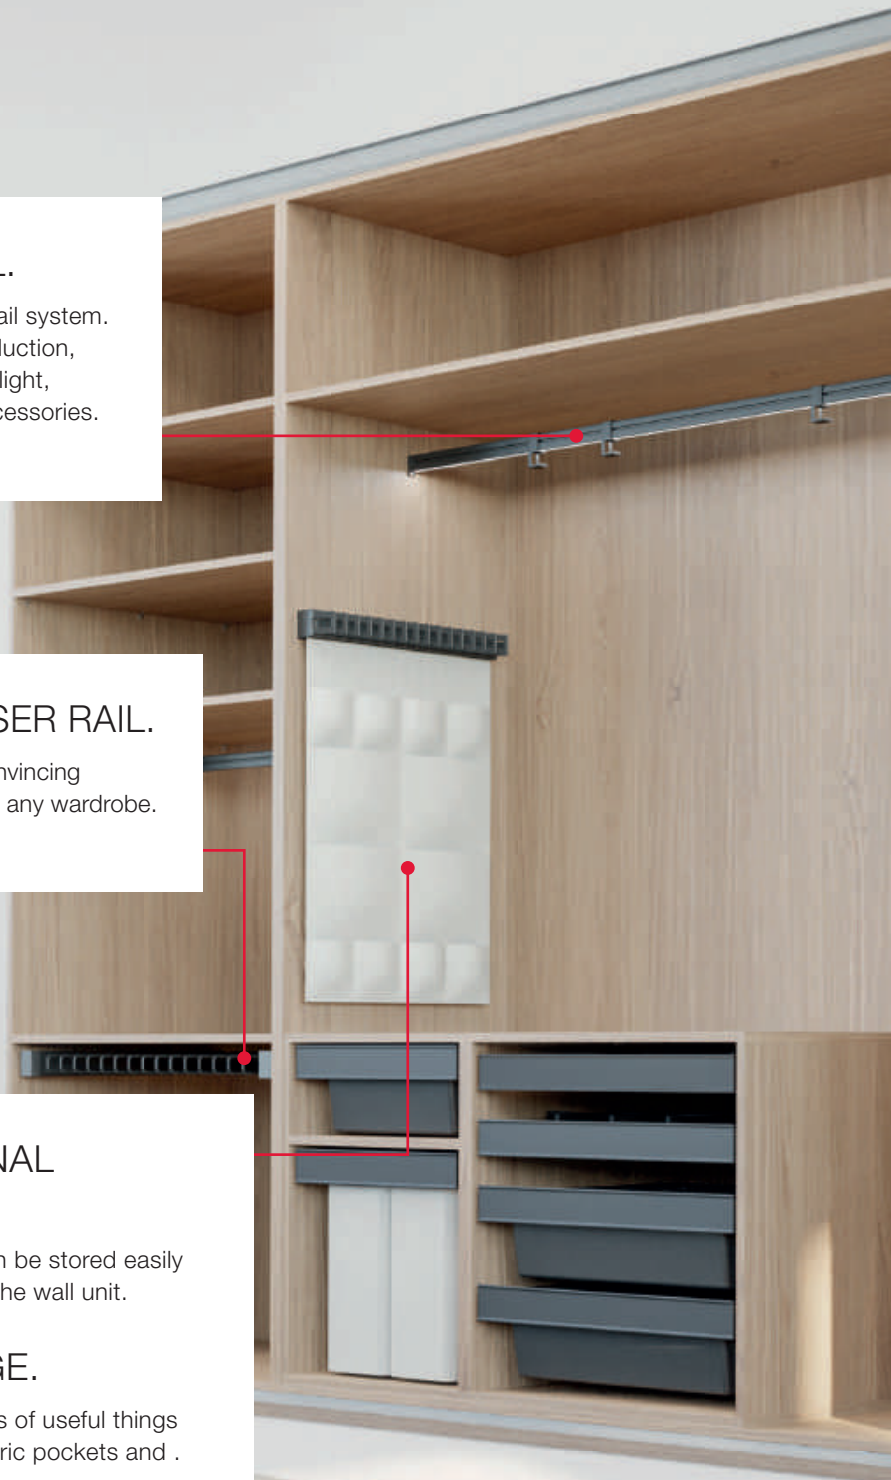

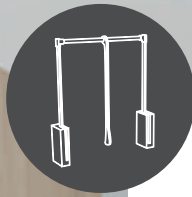

THE MULTI-FUNCTIONAL PULL OUT.

Belts, jewellery, and much more can be stored easily and well organised on the edge of the wall unit.

THE TEXTILE STORAGE.

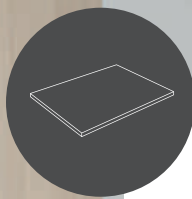

Small pieces, jewellery, and all kinds of useful things can be stored in the convenient fabric pockets and found again.

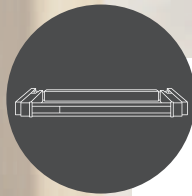

THE WARDROBE LIFT.

Elegant and convenient. Take advantage of the entire room height with individual wardrobe dimensions, without restrictions. More space is always a good thing.

THE SHELF.

Theshelf is made by the manufacturer; the shelf supports are from Häfele DressCode. Sturdy and always flexible to reposition.

THE PULL OUT FRAME.

The basic system for inserts and attachments. Individual panels available:

- Shallow and deep boxes
- Laundry bag
- Shoe rack
- Jewellery insert

CLEAR ORGANISATION. PERFECT ORDER. INDIVIDUAL DESIGN.

Häfele DressCode: open for anything.

Everything is in the right place, everything looks perfectly harmonised despite the colourful variety. A beautiful combination of design and function. Häfele DressCode can be configured to fit the furnishings seamlessly into the design

of the wardrobe – making order child's play. Many accurately tailored functional elements create a clear, pleasant look and allow for a quick overview of all the personal belongings that are always part of life.

ONE FRAME. MANY OPTIONS.

The pull out frame: the foundation for many useful ideas.

MORE PERSONALITY WITH ONE CLICK.

Of course, the pull out frame looks great without any panels.

An elegant design panel can be added quickly and easily. For a special design and enhancement, individual cabinet panels can be made by a carpenter. Thanks to the simple clip-on system, ① these can of course also be retrofitted at any time.

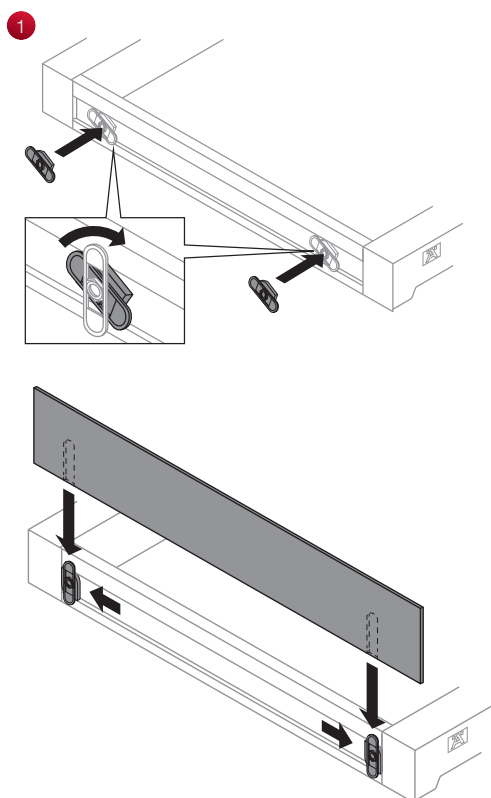

Even the basic shape is captivating in its design.

The design panel can be ordered from Häfele as an accessory.

You can get cabinet panels made by a carpenter.

USEFUL CONNECTIONS.

Clever organisation systems, clever principle.

Order combined with ease of use:

Using the innovative connector system by Häfele DressCode, additional functional elements that are practical and convenient at the same time can be mounted in the wardrobe. Again, everything works quickly, easily and without tools.

ILLUMINATED WARDROBE RAIL

Quickly find what you are looking for. Even in the dark.

MULTI-FUNCTIONAL PULL OUT

Finally an option for storing accessories the way it makes sense – and most importantly, for finding them quickly when you need them.

WARDROBE LIFT

A convenient way to use the “air space” in the closet. Simply pull the wardrobe lift down to the desired height and then let it gently glide back upwards.

THE STYLE IS CHANGING. ORGANISATION REMAINS.

Diverse design options.

Different living styles, different wardrobe designs –
Häfele DressCode can adapt.

Saucy, elegant, traditional or puristic. Anything is possible.

QUICKLY INSTALLED.

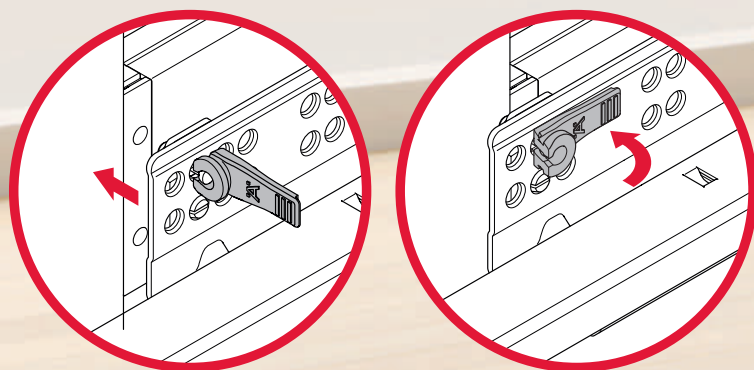

Easy assembly without tools.

Everything as simple as possible: That was the central requirement in the development of Häfele DressCode.

The result: A well-thought-out modular system with easy-to-combine elements that can be adapted to the individual needs of the users. Construction and assembly is also fast, intuitive, and possible without tools.

MAXIMUM STABILITY. HIGH TRANSPARENCY.

Häfele DressCode as frame system.

Instead of in a wooden cabinet, Häfele DressCode can also be installed in a free-standing aluminium frame. The significantly lighter visual effect is ideal for equipping of walk-in closets or dressing rooms. The positive-fitting connections ensure superior stability. High load bearing capacity and visual lightness. Ideal for dressing rooms and walk-in closets.

Following the “Easy” philosophy, the frame can be easily adjusted in height and installation of the built-in elements is identical to that in the wooden cabinet.

Easy and without tools.

The same is true for the disassembly – if the wardrobe needs to go somewhere else.

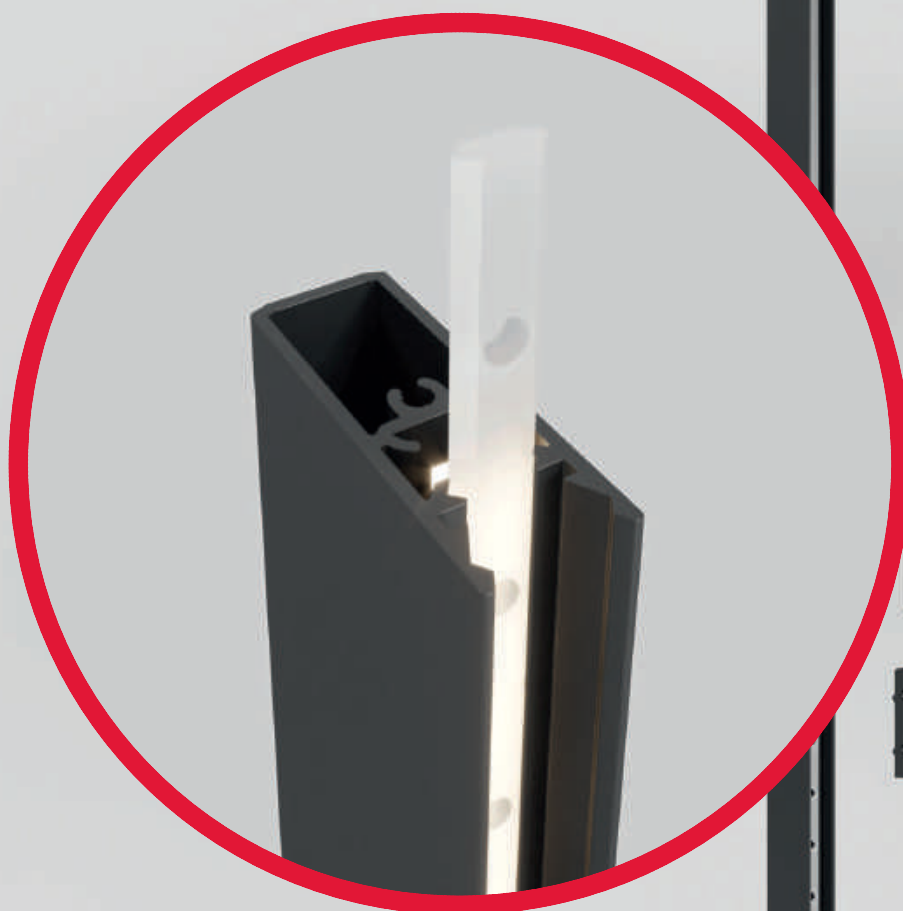

DRESSCODE AS FREE-STANDING FRAME.

Easy and without tools: the assembly.

Completely new and unique: You can assemble the entire frame system basically without tools. The basic systems requires tools, the built-in elements do not. If you wish to expand, re-organise, or just move a shelf in your wardrobe: You can start immediately.

The optional strip light is simply slid in behind the diffuser.

EASY FOR YOU.

Make it easy and take advantage of the complete package solutions.

You can choose from three sets. We prepared these sets for different cabinet widths and with different colours. You can also choose whether you want the free-standing frame system or a system that is built into a wardrobe.

The catalogue number and the appropriate set can be found in the Häfele catalogue.

Or online at www.hafele.com.

SET 3

The sets are also available for cabinets.
All wooden elements are made by the manufacturer.
